

GET READY FOR THE MAGIC OF YOUR CHONOS ROUTE CRUISE

ADDITIONAL NIGHT ON BOARD M/N SKORPIOS II

To make your arrival and stay in Puerto Montt as smooth as possible, Skorpios Cruises offers passengers the option to spend the night on board prior to departure, in the comfort of their own cabin. This allows guests to arrive early, board at 6:00 pm the day prior to departure, settle into their cabin, and begin preparing for the start of their cruise at 12:00 p.m. the following day.

The additional night service aboard the M/N Skorpios II includes accommodation, a welcome drink, dinner with wine and beverages, and a buffet breakfast on the day of departure.
