

# TOUR TO MILODON CAVE AND ITS SORROUNDINGS

Passengers on the New Kaweskar Route who stay the additional night prior to departure may choose to take an excursion to the Milodon Cave and its surrounding area. The tour begins at 7:30 a.m., when passengers are picked up by van or car from the Skorpios Cruise Terminal and driven to the Milodon Cave Natural Monument. The experience includes a guided hike along a trail that connects three caves (including the main cave), starting at a sector known as “Devil’s Chair.” The excursion lasts approximately three hours and follows low-difficulty trails with significant natural and cultural value. During the hike, guests will visit the “Middle Cave” and the “Milodon Cave,” the latter being the highlight of the experience. Throughout the tour, special emphasis is placed on local vegetation, birdwatching, archaeology, and paleontology.

The excursion concludes around 11:00 a.m., after which passengers are transferred back to the Skorpios Terminal for immediate boarding of the M/V Skorpios III.

**\*THE PRICE OF THE TOUR INCLUDES PARK ENTRANCE FEES AND A PROFESSIONAL GUIDE.**
